Boonville Life Center April Newsletter Building Connection, Belonging & Hope in Our Community

Hello from the Life Center Collaborative!

Welcome to the third edition of our Boonville newsletter—a place where we share what we're building in Boonville and the opportunities we hope to bring to the community.

The Life Center Collaborative was created with a simple belief: rural communities are strongest when neighbors have places to connect, find support, and build hope together.

Through our work at the Camden Life Center, we've seen how bringing services, partnerships, and people together under one roof helps neighbors navigate challenges, reduce isolation, and access practical support close to home.

Now, we're excited to begin creating those same opportunities in Boonville and throughout the Adirondack Central School District community.

Our goal is to create a welcoming space where people can access resources, find support, build relationships, and navigate life's challenges—all while feeling like they truly belong.

We're in Town Every Tuesday!

Our team is in Boonville every Tuesday as we continue building relationships and bringing services closer to home.

Please note: Starting May 5th, we have moved locations!

Methodist Church – 202 Main Street

Tuesdays from 10:00 AM – 2:00 PM

Stop by to say hello, ask questions, or learn more about what the Life Center is working toward in Boonville. Whether you're looking for support, resources, or simply want to connect, we'd love to meet you!

Special Guest on May 12th

A National Grid Consumer Advocate will be joining us on Tuesday, May 12th to answer questions and help community members navigate their National Grid accounts, billing concerns, and available assistance programs.
