Building Connection, Belonging & Hope in Our Community

Hello from the Boonville Life Center!

As we continue growing in Boonville, we want to thank the community for the support, conversations, and connections we've experienced over the past few months. Every visit, conversation, and shared idea helps us better understand the needs and strengths of the community.

This month marked an exciting step forward as the Boonville Life Center officially moved into our new location at the Methodist Church on Main Street. We are grateful for the opportunity to continue expanding our presence in Boonville and creating a welcoming space where individuals and families can connect with resources, support, and one another.

The Boonville Life Center was created with the belief that strong communities are built through connection, collaboration, and support close to home. As we continue growing throughout the Adirondack Central School District community, we remain committed to listening, learning, and building alongside the people who call this community home.

We are excited for what's ahead and look forward to continuing to grow meaningful partnerships, opportunities, and services shaped by the voices of the community.
