Building Connection, Belonging & Hope in Our Community

Hello from the Boonville Life Center!

Summer is underway, and we are excited to continue growing alongside the Boonville community. Over the past few months, we have had the opportunity to meet new community members, strengthen partnerships, and expand the ways we connect people to resources and support close to home.

The Boonville Life Center was created with the belief that strong communities are built through connection, collaboration, and a shared commitment to helping one another. Whether through weekly office hours, community partnerships, Food Sense sign-ups, or simply conversations with neighbors, we are continuing to learn from and respond to the needs of the community.

As we look ahead, we remain committed to creating opportunities for connection, increasing access to resources, and building a welcoming space where everyone feels they belong. We are grateful for the support, ideas, and encouragement we continue to receive and look forward to what we can accomplish together.

Thank you for being part of this journey as we continue building connection, belonging, and hope throughout the Boonville community.
